

LANCSCAN INVITE YOU TO

MAKE A REAL CHANGE THIS SUMMER

LANCASHIRE COMMUNITY CLIMATE ACTION FORUM 2024

June 6th 2024
9AM - 5PM

UCLan - Engineering
Innovation Building

We need radical action and rapid change to reach net zero in a meaningful timescale, whether you are a community group, a business or council representative all are welcome.

Our aim is to help community groups network, grow and provide much needed support. At our forum, delegates will come together to highlight their climate action projects, problem solve and share best environmental practice.

To take part of our forum visit our Eventbrite page or use the QR code.
