

LancsCAN Webinar Chat

From Jane Wood Could you send the presentation out to us please paul as a lot of useful info to take in Thank you

Ciara Shannon - North West Net Zero Hub to Everyone 12:24

Cumbria Action for Sustainability has a very good programme to take people on a retrofit journey. Lots of info

allison sathiyathan, nhs to Everyone 12:20

Do you have a video that could be used in GP practice/ hospital waiting rooms that we could use to promote the app with members of the public (good way to reach vulnerable groups)?

Rhianna Weston - North West Net Zero Hub 12:39

Hi Alison, this is a great idea and the type of engagement we'd like to promote. Here is the link to the app's information page: [Fairer Warmth](#). You can email me and I can possibly get you connected up with RVE to discuss this more if you'd like?

Paul Riley - North West Net Zero Hub 12:55

Alison, just to say that the app is fairly localised at present - it is a demonstrator project. So as Rhianna says worth having a conversation with them in the first instance.

allison sathiyathan, nhs 12:56

thanks Paul, just emailed Rhianna

Rosy (she/her) to Everyone 12:23

do you have a way of knowing what Rhea projects (Preston) are doing? their website has been down for a while - Thanks

Rhianna Weston - North West Net Zero Hub 12:49

[Our Trusted Partners and Installers | Cosy Homes in Lancashire \(chil.uk.com\)](#) Hi Rosy, I haven't come across Rhea Projects since starting at the Hub in Jan, however I think they are a partner with CHiL. I've attached their website and you may be able to enquire directly with someone from Cosy Homes for an update. You can always email the North West Net Zero Hub's Mailbox if you have a particular enquiry, and we can help signpost accordingly. Hope that helps!

Rosy (she/her) 12:51

Rosy (she/her) to Everyone 12:52

this was a good webinar the other day <https://climateoutreach.org/britain-talks-climate/climate-big-picture-2024/engagement-and-concern/>

Adam Holden to Everyone 12:22

Hello, have you been involved in any community energy schemes, using renewable energy creation methods?

Paul Riley - North West Net Zero Hub 12:53

Hi Adam, we are administering the Community Energy Fund at the moment. Please email us at nwnzhub@liverpoolcityregion-ca.gov.uk for more information. We are running an event with Community Energy England soon as well. Can signpost you to advice and info as you need.

Bethany.McGarry to Everyone 12:55

Apologies, I have to leave for another meeting - thank you :)

Kayt Horsley LCC Community Projects to Everyone 12:55

I have to leave. Thank you! it has been a great session. I work with community groups in Burnley Pendle and Rossendale and have colleagues who work across the other LCC districts. If you want to reach out to the various networks in each of those districts, then drop me a mail and I can link you to those networks. kayt.horsley@lancashire.gov.uk 07876 844092

Ciara Shannon - North West Net Zero Hub to Everyone 12:59

[For your home - CAFS](#)

Jane Wood to Everyone 13:01

Thank you Paul and team from Jane Wood

Rhianna Weston - North West Net Zero Hub to Everyone 13:01

I have to leave also, but thank you all! Well done for hosting Steve and Paul :)

Andrew Gullick to Everyone 13:01

thank you for all the great information.

Caroline Holden 13:02

Good afternoon, Good to join the session. Thank you.
