

LANCASHIRE YOUTH CLIMATE CONFERENCE 2024

AN OPPORTUNITY FOR LANCASHIRE BUSINESSES, ORGANISATIONS AND CHARITIES

**GREEN SKILLS
MARKETPLACE**

EXHIBITORS NEEDED!

On October 30th 2024 the **Lancashire Climate Action Network** will be holding the first ever conference in Lancashire bringing together 16-19 year olds to learn more about how they can help lead the county's transition to a more sustainable, carbon neutral future.

The conference, which will be held at **The Blackpool Sixth Form College**, provides a great opportunity for forward-thinking businesses and other organisations to help support this new generation of green leaders.

BENEFITS TO YOUR ORGANISATION

- Reach an audience of 16-19 year olds who are interested in green careers and study routes, volunteering and skills development
- Boost the profile of your company and organisation with students and staff from across the region

Interested in booking a space? Contact:
jon.mcleod@blackpoolsixth.ac.uk

- A key aspect of the conference will be a 'marketplace' with stalls and hands-on activities aimed to inform the young delegates about opportunities for careers, volunteering and skills development linked to climate change, carbon zero and environmental sustainability.
- There will be staff from schools, colleges and youth groups who will be on the look out for ideas, resources and links to take away.

The marketplace will run at the following times during the conference:

9 - 10am During arrival / registration
11.15 - 11.45am Refreshment break
12.50 - 1.40pm Lunch break

- There will be opportunities for networking and talking to college/school/youth group and local authority staff in between these times.
- The conference ends at 2.30 pm and you would be welcome to attend the final session which includes a plenary and panel discussion.
- We will be looking for panel members, so if you are interested in that, please let us know.
