## **Key reading for the week**

**Summary**: The blog suggests that great teaching is built upon great expectations. It suggests that teachers should set high expectations from the outset and they should continually reinforce these. This includes lessons which have depth, rigorous subject knowledge and challenge, effective questioning, and a clear sense of purpose.

**Limitations**: This resource does not include any supporting data to support the strategies it suggests. Therefore, it could just be presumed to be Sherrington's opinion. The blog has also not been reviewed by other experts so again, it has not been subject to scrutiny and should not be accepted as 'fact'.
