Citizens UK in the North @ Convention of the North

In 2024 young people from Citizens UK attended the Convention of the North. For the first time in the history of this event their voices were heard first hand and helped shape the Convention's Manifesto for the North.

In Preston in 2025, we want to ensure even more voices are heard by council leaders, decision makers, MP's, Mayors and policy makers. There will be voices from communities across the North from primary school students, secondary, college and university students, community groups, the workforce, parents, carers, faith groups and pensioners!

If you want to be part of creating change for the citizens of the north - don't miss this! [Register here for more information and to secure your place!](#)

A **FREE** bus is available from Creative Edge 4pm [click here](#) to reserve a seat

The event will be held at:
Darwen Lecture Theatre, University of Central Lancashire, Preston.
